## Juvenile Justice Version Pricing Guide.®

## **Letter From Michy E. Morillo**

We are excited to provide Cell Dreamer Academy youth interactive video modules and virtual staff training. Focusing on eight specific areas that will make a lasting difference in their growth and life skills, Cell Dreamer leads young people inward as they explore the topics of Self-Reflection, Self-Awareness, Self-Sabotage, Self-Doubt, Self-Esteem, Self-Discipline, Self-Discovery and Self-Motivation.

We understand that every facility is unique and have built our offerings to reflect that diversity. Therefore, everything we offer is fully customizable, allowing you to meet the needs of youth in your care. The following pricing represents what we see as complete packages and most elements can be expanded or reduced to meet the needs of your staff and the youth in your care. If you have questions related to customizing Cell Dreamer Academy pricing, please do not hesitate to send an email to [info@celldreamer.com](mailto:info@celldreamer.com) and we will get back to you within 24 hours. We are determined to support as many youth along their journey to the best version of themselves.

Thank you for supporting their dream and our mission!
